HELPFUL HOME REMEDY TIPS

Note: *These are simply tips that have been compiled from various sources for alleviation of symptoms. They are listed for your information and further investigation. ALWAYS check for possible allergies/reactions or contraindications first. These tips in no way, suggest that they “cure” any of these problems, nor are they a replacement for seeking medical care as deemed necessary by the involved situation.*

Lavender Essential Oil should be patch tested on skin for sensitivity. Should redness occur, dilute in a carrier oil. Carrier oils should be natural (olive, jojoba, grapeseed, peanut, etc). DO NOT use baby or mineral oil.

Lymphatic Drainage is very helpful for any/all congestion issues. See back for more information/directions.

**Indicates products available for purchase for you convenience at Keystone Chiropractic as well as at most health food stores.*
